# We make community, We make culture, We are circus.

**Circus transforms events.**

It turns open spaces into living, breathing hubs of activity, where artists and audiences don't just coexist, they connect.

Circus invites the public to step closer, try something new, and become part of the moment rather than spectators at the edge.

**At its heart, circus is about connection:**

**between people and place,**

**between artists and community,**

**between curiosity and confidence.**

When circus arrives at an event, something shifts. Artists and audiences cross-pollinate. Families linger longer. Spaces feel alive.

We don't just add entertainment, we activate culture, creating shared experiences that feel welcoming, playful, and genuinely human.

**POP UP CIRCUS WORKSHOPS & PERFORMANCE FOR ANY SPACE**

# Putting high quality circus anywhere & everywhere since 2023.

We specialise in bringing exceptional circus into non-traditional spaces.

Since 2023, we have bridged the gap between outstanding local, regional, and international talent and the places that matter most to communities — regardless of scale, infrastructure, or budget.

We've placed circus:

In back lanes and side streets

On village greens and community squares

In parks, housing estates, and civic spaces

Inside pop-up tents, heritage sites, and purpose-built festival zones

From intimate grassroots gatherings to large-scale public events, we understand how to adapt circus to fit the site, not the other way around.

Our work proves that world-class circus doesn't need a traditional theatre — it thrives wherever people gather.

**PROFESSIONAL STAGE & STREET CIRCUS THEATRE.**

# Turning experiences into memories.

Circus creates moments that embed themselves in memory, a child's first time balancing on a wire, a parent rediscovering play, a grandparent laughing alongside their family.

Our participatory workshops are designed for everyone:

All ages

All abilities

All confidence levels

No experience is required, just curiosity. Circus has a rare ability to unlock people's inner child, encouraging joy, risk-taking, laughter, and pride. These moments become stories families retell, photos they treasure, and experiences they associate forever with your event. That is legacy.

ENGAGEMENT ACTIVITY FOR ALL AGES AND ABILITIES

BALTIC SOUJARE

# Producing unforgettable events...

We are producers first.

That means we don't just book acts, we design experiences. We create bespoke entertainment packages tailored to you.

From subtle walkabout moments to high-impact visual spectacles, we curate and produce work that fits seamlessly into your event's identity.

While circus is our core specialism, we also produce and programme across all performance artforms.

Whether you're seeking gentle engagement or bold centre-stage moments, we know how to shape performance so it enhances, not overwhelms, your event.

**YOUTH CIRCUS PERFORMANCE, CABARET, STREET THEATRE, CIRCUS THEATRE, WALKABOUT & STAGE**

# Prices & Packages

Below are some costs for our most popular packages. We do also offer bespoke pricing depending on your needs and the size of your budget. Please email [hannah@newcastlecircusarts.com](mailto:hannah@newcastlecircusarts.com) to explore circus at your event.
